After decades spent roaming the globe in search of the undead monster who created her, vampire/vampire-hunter Sonja Blue has finally found in the psychic detective Palmer and the unearthly child called Lethe a family she can call her own. But the new world she has created for herself is forever changed by a brief affair in New Orleans that ends in madness and death, and leaves the Other—the murderous, demonic aspect of her fractured personality—stronger than ever. When Sonja receives news that the evil vampire lord Sir Morgan is behind a string of murders of women found wearing sunglasses and leather jackets, she abandons her “family” for New York City. Once she is face-to-face with Morgan, will she finally be able to destroy him once and for all? Or will she succumb to the darkness within her and become his queen?
