## **Master Of Defence: The Works of George Silver** Paul Wagner

George Silver's *Paradoxes of Defence* (1599) and *Brief Instructions upon my Paradoxes of Defence* (ca. 1605) are probably the most important works ever written on the Western martial tradition, straddling the medieval and Renaissance worlds and summing up the collective experience of centuries of European warfare. With in-depth analyses by the author and others, this is an indispensable reference.
