Let's Not Forget God: Freedom of Faith, Culture, and Politics Angelo Cardinal Scola, John L. Jr Allen

Born out of a speech celebrating the 1,700th anniversary of the Edict of Milan, in which emperors Constantine I and Licinius granted Christians legal rights, this book by Cardinal Angelo Scola gives attention to the crisis of religious freedom in the twenty-first century. *Let's Not Forget God* outlines how Christianity has been at the center of creating a pluralistic society, from the Roman Empire in 313 to the American Revolution in 1776. This bold vision of freedom brings religion into the realm of public debate without allowing the state to banish or control it. “The question of religious freedom, closely connected to that of freedom of conscience,” writes Cardinal Scola, “is revealing itself today to be crucial not only to the development of Western societies but also to the peaceful evolution of their relationships with Asia, Africa, and Latin America.” *Let's Not Forget God* is both a portrait of the history of religious freedom and a testament to its potential for spreading peace.

From the Hardcover edition.
