Tomo III de España en la Colección América Latina en la Historia Contemporánea

España salió, en la década de 1870, del ensimismamiento que habían provocado las guerras civiles del siglo xix. Modernidad y tradición iban a dialogar en permanencia entre 1875 y 1930. Este periodo coincide con los regímenes de la Restauración —monárquico y de orden, liberal aunque no totalmente democrático— y de la dictadura de Primo de Rivera. En este volumen, el tercero de una serie de cinco dedicados a la historia contemporánea de España, se analiza desde múltiples ángulos, desde el político al cultural pasando por el internacional, el económico, el demográfico o el social, esta compleja etapa.

Este tomo está coordinado por **Jordi Canal**.

La colección **América Latina en la Historia Contemporánea** es uno de los proyectos editoriales más importantes de las últimas décadas y una aportación original y novedosa a la historiografía sobre América Latina en la que han participado más de 400 historiadores de diversos países. Presenta una visión plural y accesible de la historia contemporánea de las naciones latinoamericanas —incluyendo aquellas otras, europeas o americanas, que más han aportado a su materialización— y revela las claves políticas, sociales, económicas y culturales que han determinado su trayectoria y el lugar en el mundo que hoy ocupan.

Premio de la revista *La Aventura de la Historia* a la mejor iniciativa editorial
