## **Raw Law: An Urban Guide to Criminal Justice** Muhammad Ibn Bashir

A counterpoint to the Law and Order justice the public sees and believes in. This is the real criminal justice system, as told from someone inside, someone who fights it every day. This is not a manual for how to get off or how to be a better criminal. It is proof that the system will eat you up and spit you out if you dare to become involved or think you can beat it. Raw Law authoritatively addresses the legal issues faced by the hip hop generation, and offers a simple guide on how to avoid certain situations and how to learn and respond to others. Here readers will learn the truths and untruths of the justice system and how they can protect themselves from the worst of it. But most of all, they will learn how to follow the first rule of the criminal justice system: AVOID IT AT ALL COSTS.
