Analysis and Uses of Financial Statements (International dictionary) Jae K Shim

Book Description

Analysis and Uses of Financial Statements describes in crystal clear, concise, and understandable language the intricacies of financial statements, and how investors, creditors, analysts, and other interested parties use them.

You can profit from the knowledge, insights, and perceptions of these professionals and learn to understand and use their financial statement analysis tools and techniques. Realistic examples and illustrations of financial statement analysis are constantly used in the book to make sure the subject matter is always crystal clear and all the analytical techniques discussed are well within the limits of today's information technology.
