## Statistical Inference Based on Divergence Measures (Statistics: A Series of Textbooks and Monographs) Leandro Pardo

The idea of using functionals of Information Theory, such as entropies or divergences, in statistical inference is not new. However, in spite of the fact that divergence statistics have become a very good alternative to the classical likelihood ratio test and the Pearson-type statistic in discrete models, many statisticians remain unaware of this powerful approach.

Statistical Inference Based on Divergence Measures explores classical problems of statistical inference, such as estimation and hypothesis testing, on the basis of measures of entropy and divergence. The first two chapters form an overview, from a statistical perspective, of the most important measures of entropy and divergence and study their properties. The author then examines the statistical analysis of discrete multivariate data with emphasis is on problems in contingency tables and loglinear models using phi-divergence test statistics as well as minimum phi-divergence estimators. The final chapter looks at testing in general populations, presenting the interesting possibility of introducing alternative test statistics to classical ones like Wald, Rao, and likelihood ratio. Each chapter concludes with exercises that clarify the theoretical results and present additional results that complement the main discussions.

Clear, comprehensive, and logically developed, this book offers a unique opportunity to gain not only a new perspective on some standard statistics problems, but the tools to put it into practice.

### **From reader reviews:**

#### **Kevin Burkes:**

Nowadays reading books be than want or need but also work as a life style. This reading habit give you lot of advantages. The advantages you got of course the knowledge the actual information inside the book this improve your knowledge and information. The info you get based on what kind of guide you read, if you want have more knowledge just go with schooling books but if you want experience happy read one having theme for entertaining for instance comic or novel. The Statistical Inference Based on Divergence Measures (Statistics: A Series of Textbooks and Monographs) is kind of e-book which is giving the reader unstable experience.

#### **Jason Nunez:**

In this era globalization it is important to someone to find information. The information will make a professional understand the condition of the world. The health of the world makes the information better to share. You can find a lot of references to get information example: internet, newspapers, book, and soon. You will observe that now, a lot of publisher that print many kinds of book. The actual book that recommended for you is Statistical Inference Based on Divergence Measures (Statistics: A Series of Textbooks and Monographs) this guide consist a lot of the information of the condition of this world now. That book was represented so why is the world has grown up. The vocabulary styles that writer require to explain it is easy to understand. Often the writer made some exploration when he makes this book. Honestly, that is why this book suited all of you.

#### **John Malcolm:**

Beside this kind of Statistical Inference Based on Divergence Measures (Statistics: A Series of Textbooks and Monographs) in your phone, it might give you a way to get closer to the new knowledge or info. The information and the knowledge you are going to got here is fresh in the oven so don't be worry if you feel like an old people live in narrow community. It is good thing to have Statistical Inference Based on Divergence Measures (Statistics: A Series of Textbooks and Monographs) because this book offers to your account readable information. Do you often have book but you would not get what it's about. Oh come on, that would not happen if you have this in the hand. The Enjoyable agreement here cannot be questionable, just like treasuring beautiful island. Use you still want to miss the item? Find this book in addition to read it from at this point!

#### **Audrey Stockman:**

Some people said that they feel uninterested when they reading a reserve. They are directly felt it when they get a half parts of the book. You can choose often the book Statistical Inference Based on Divergence Measures (Statistics: A Series of Textbooks and Monographs) to make your personal reading is interesting. Your current skill of reading ability is developing when you like reading. Try to choose easy book to make

you enjoy to read it and mingle the sensation about book and reading through especially. It is to be initial opinion for you to like to available a book and read it. Beside that the publication Statistical Inference Based on Divergence Measures (Statistics: A Series of Textbooks and Monographs) can to be your new friend when you're truly feel alone and confuse in doing what must you're doing of that time.
