Wetlands Charlotte Roche

Wetlands—an international sensation with more than a million copies sold worldwide—has been at the center of a heated debate about feminism and sexuality since its publication last spring. Charlotte Roche’s controversial debut novel is the story of Helen Memel, an outspoken, sexually precocious eighteen-year-old lying in a hospital bed as she recovers from an operation. To distract herself, she ruminates on her past sexual and physical adventures in increasingly uncomfortable detail. The result is a funny, shocking, and fearlessly intimate manifesto on sex, hygiene, and the compulsion to obliterate the covenant that keeps girls clean, quiet, and nice.
