He marshals relevant data, facts, statistics that measure the performance of professional sports teams and players, the strategies of franchise owners, and the loyalties of fans. Delineating the development, maturation, and revitalization of the leagues throughout the 20th century, he highlights significant events and reforms of the era and discusses the future of sports leagues in the marketplace.

Specific franchise owners are noted for their wealth and success factors. The author also predicts that league commissioners, franchise owners, local business and community leaders, and government officials will be forced to bargain in good faith and compromise on the question of whether to use taxpayer money to invest in sports facilities.
