Louisiana Creoles examines the recent efforts of the Louisiana Creole Heritage Center to document and preserve the distinct ethnic heritage of this unique American population. Dr. Andrew Jolivéte uses sociological inquiry to analyze the factors that influence ethnic and racial identity formation and community construction among Creoles of Color living in and out of the state of Louisiana. By including the voices of contemporary Creole organizations, preservationists, and grassroots organizers, Jolivéte offers a comprehensive and insightful exploration of the ways in which history has impacted the ability of Creoles to self-define their own community in political, social, and legal contexts. This book raises important questions concerning the process of cultural formation and the politics of ethnic categories for multiracial communities in the United States. In the aftermath of Hurricane Katrina the themes found throughout Louisiana Creoles are especially relevant for students of sociology and those interested in identity issues.
