Handbook of Multicultural Mental Health: Chapter 19. The Assessment, Diagnosis, and Treatment of Mental Disorders among Muslims Farah A. Ibrahim, Jianna R. Heuer

This chapter addresses cultural and religious assessment, along with trauma assessment to help diagnose and develop psychological interventions for Muslim clients. First, a profile of Muslims in the West is presented, along with the cultural variables that mediate adjustment, identity development, and acculturation in a host culture. Specific attention is given to cultural identity, worldview, beliefs, values, assumptions, acculturation, religious identity, and trauma assessment.
