Neste livro, a autora busca introduzir uma reflexão sobre as articulações entre o tema da violência e suas repercussões na saúde dos brasileiros, por meio da conceituação da violência no campo sociológico, da sua articulação com a saúde e de propostas de atuação. A discussão abrange aspectos históricos, culturais, sociológicos e econômicos, considerando que em suas relações a violência se apresenta ora como manifestação da dinâmica e da trajetória de uma sociedade, ora como fenômeno específico que se destaca e influencia essa mesma dinâmica social.
