## European Defence Technology in Transition

This book draws on the ten nation CREDIT (Capacity for Research on European Defence and Industrial Technology) network which was set up to tackle issue concerning defence science, technology and industrial policy, including the implications of the Cold War and a growing pan-European emphasis.

By providing a comparative study of policy and practice in the countries of western Europe, the book provides vital insights into how governments and firms can begin to search for European-wide solutions to the dilemmas that face them.
