Realidad aumentada - EDICIÓN REVISADA (B DE BOOKS) (Spanish Edition) Bruno Nievas

Un thriller tecnológico que arrasó en internet, con más de 42.000 descargas.

Alex Portago recibe en su ciudad natal, Almería, una visita inesperada: un gurú de la tecnología le ofrece un contrato millonario —y con estrictas cláusulas de confidencialidad— para resolver unos «problemas» que han surgido en un proyecto de realidad aumentada, un desarrollo innovador de alta tecnología en el que la realidad virtual interactúa con el mundo real.

Entre el equipo de investigación Alex encuentra a Lia Santana, el amor que se le escapó una vez y que no está dispuesto a perder de nuevo. Juntos comienzan a buscar respuestas, aunque éstas no parecen arrojar otra cosa que nuevos interrogantes. El misterioso origen de uno de los engranajes del proyecto y la evolución del romance de los protagonistas constituyen los dos ejes principales de la intriga en esta fabulosa e inquietante novela que Bruno Nievas pone ahora a nuestra disposición en papel —mejorada y con escenas nuevas—, tras haber sido un éxito de descargas en Internet.

Realidad Aumentada es un thriller que atrapa desde la primera palabra, una historia frenética que cautivó a más de 42.000 personas en Internet en tan sólo cuatro meses, con un final sorprendente y no apto para cardíacos.
