El puente del tiempo (Spanish Edition) César Morales

Madrid, 2012. Raquel, una joven arqueóloga, deberá descifrar un enigmático mensaje escrito hace mil trescientos años para esclarecer las causas del accidente en el que ha muerto un compañero de excavación. Ayudada por Berta, su mejor amiga, indagará en antiguos conocimientos en una búsqueda desesperada por descubrir la verdad. Durante esta investigación, su relación de amistad se pondrá a prueba cuando se cuele en sus vidas Pablo, un desconocido con extrañas intenciones. Mientras, una poderosa organización heredera de una antigua tradición sefardí hará todo lo posible para impedirlo. Hispania, siglo VIII. Un niño hispano, un joven bereber, un médico judío y un noble abad visigodo, custodios de un maravilloso objeto del que depende el futuro de un reino, huyen de la ira del emir Muza ibn Nusair. Durante su fuga, el heterogéneo grupo será testigo de cómo las huestes árabes y norteafricanas se apoderan de la Península, algo que cambiará el destino de sus habitantes para siempre. César Morales construye, con la magia de los antiguos alquimistas, una narración apasionante, una combinación perfecta de historia, arqueología, astrofísica y leyenda con una novedad: el lector más curioso puede acompañar a los protagonistas de esta novela y vivir su propia aventura a través de los códigos QR que se incluyen en estas páginas. Una búsqueda paralela por encontrar un tesoro maldito codiciado desde hace siglos.
