**"I can give you something she can't," Pandora said. "Something that will keep you coming back for more."**

Pandora's once rich husband has invested all of his money in a property development scheme that will leave them bankrupt unless he gets the investment he needs from billionaire media mogul Mark Grayson.

When alpha-male Grayson is invited over to dinner, Pandora has a much better plan to ensure their financial survival. She knows Grayson wants a baby more than anything else, and despite her husband's protestations, she intends to be the one to give it to him.

How will Pandora's relationship with her husband change if she goes ahead with her plan, and will she be able to resist the continuing advances of the demanding Grayson, once she's carrying his baby?
