**You can take the girl out of Queens...**

Or can you? Because for five years, fashion assistant Ellie Levine was taking a halfhearted stab at it, commuting to Manhattan by day, trying desperately to keep secret her outerborough existence—that accent, that hair...that daughter. Until the day fate landed her back in her Richmond Hill neighborhood 24/7, the very place she'd sworn to escape.

Now she has a business to run there—not the business she had in mind, perhaps, but a business nonetheless. And the boy next door, who for years had been the married-man-next-door, is suddenly available. And interested?

Maybe there really *is* no place like home. So even if you can take the girl out of Queens, would you?
