Ready to pursue the rest of your life? Get going with *Work Less, Live More*

Professionally, you're experiencing the success that years of hard work brings -- but the long hours are taking their toll and you're burning out fast.

Fortunately, there's an alternative to the grind: Semi-retirement. Work fewer hours, realize your goals and dreams, spend time with your loved ones -- and do it all years, even decades, before the "normal" retirement age of 65.

With *Work Less, Live More* and a little planning, you can do it. The book provides a rational investment system based on Nobel Prize-winning research, a safe lifelong withdrawal plan and sensible spending guidelines.

More importantly, the book provides the inspiring stories and insights of many successful early semi-retirees, walking proof that meaningful work -- rather than full-time work -- is both fulfilling and rewarding.

The 2nd edition focuses on every age group -- especially "late bloomers" who may feel way behind. It also includes more information on healthcare issues.

If you're ready to pursue the rest of your life, turn to *Work Less, Live More* and get going!
