21st Century Mage: Bring the Divine Down to Earth

Jason Augustus Newcomb

21st Century Mage: Bring the Divine Down to Earth Jason Augustus Newcomb

For the first time since its initial translation into English at the turn of the century, Jason Newcomb has reinterpreted the sacred magic of Abramelin the Mage into a completely relevant program for contemporary seekers. In the thirty-one chapters of *21st Century Mage*, Newcomb has reinvented the "Knowledge and Conversation of Your Holy Guardian Angel" ritual. He lays out a course of practice and prayer -- and introduces a whole new generation to the Crowleyan esthetic.

Thought to be the simplest and most effective explanation of secret Western doctrine, *The Book of the Sacred Magic of Abramelin the Mage*, a 15th century text, laid the foundation for the nineteenth century occult group, the Hermetic Order of the Golden Dawn, and set young Aleister Crowley on his spiritual quest. This is the book that served as the cornerstone of Crowley's lifelong practice.

Newcomb's hip, non-denominational reinterpretation requires only openness to the universe and a yearning for understanding and transcendental knowledge. Describing himself as a skeptical and pragmatic mystic, Newcomb shows how drug abuse, sexual compulsion, overeating, fanaticism in all its permutations, are all misplaced yearnings for the "Knowledge and Conversation of Your Holy Guardian Angel."

Jason Newcomb combines ideas and exercises from writers through the ages with the Abramelin techniques he himself has used to lose weight and quit smoking.
