Beginning NFC: Near Field Communication with Arduino, Android, and PhoneGap Tom Igoe, Don Coleman, Brian Jepson

Jump into the world of Near Field Communications (NFC), the fast-growing technology that lets devices in close proximity exchange data, using radio signals. With lots of examples, sample code, exercises, and step-by-step projects, this hands-on guide shows you how to build NFC applications for Android, the Arduino microcontroller, and embedded Linux devices.

You'll learn how to write apps using the NFC Data Exchange Format (NDEF) in PhoneGap, Arduino, and node.js that help devices read messages from passive NFC tags and exchange data with other NFC-enabled devices. If you know HTML and JavaScript, you're ready to start with NFC.

- Dig into NFC's architecture, and learn how it's related to RFID
- Write sample apps for Android with PhoneGap and its NFC plugin
- Dive into NDEF: examine existing tag-writer apps and build your own
- Listen for and filter NDEF messages, using PhoneGap event listeners
- Build a full Android app to control lights and music in your home
- Create a hotel registration app with Arduino, from check-in to door lock
- Write peer-to-peer NFC messages between two Android devices
- Explore embedded Linux applications, using examples on Raspberry Pi and BeagleBone

From reader reviews:

Leslie Babcock:

The book Beginning NFC: Near Field Communication with Arduino, Android, and PhoneGap make you feel enjoy for your spare time. You may use to make your capable considerably more increase. Book can for being your best friend when you getting stress or having big problem with your subject. If you can make looking at a book Beginning NFC: Near Field Communication with Arduino, Android, and PhoneGap to become your habit, you can get far more advantages, like add your own capable, increase your knowledge about a few or all subjects. You can know everything if you like available and read a reserve Beginning NFC: Near Field Communication with Arduino, Android, and PhoneGap. Kinds of book are a lot of. It means that, science publication or encyclopedia or other folks. So , how do you think about this e-book?

Rodney Bell:

What do you regarding book? It is not important together with you? Or just adding material when you need something to explain what you problem? How about your free time? Or are you busy particular person? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have spare time? What did you do? Every person has many questions above. They have to answer that question simply because just their can do which. It said that about publication. Book is familiar in each person. Yes, it is suitable. Because start from on guardería until university need this kind of Beginning NFC: Near Field Communication with Arduino, Android, and PhoneGap to read.

Gloria Lentz:

The reason? Because this Beginning NFC: Near Field Communication with Arduino, Android, and PhoneGap is an unordinary book that the inside of the publication waiting for you to snap the item but latter it will surprise you with the secret it inside. Reading this book alongside it was fantastic author who all write the book in such incredible way makes the content interior easier to understand, entertaining technique but still convey the meaning fully. So , it is good for you for not hesitating having this any more or you going to regret it. This unique book will give you a lot of gains than the other book have such as help improving your proficiency and your critical thinking means. So , still want to delay having that book? If I had been you I will go to the e-book store hurriedly.

William Quesada:

Do you like reading a guide? Confuse to looking for your favorite book? Or your book had been rare? Why so many concern for the book? But just about any people feel that they enjoy with regard to reading. Some people likes reading, not only science book but novel and Beginning NFC: Near Field Communication with Arduino, Android, and PhoneGap or maybe others sources were given information for you. After you know how the fantastic a book, you feel want to read more and more. Science book was created for teacher or students especially. Those books are helping them to bring their knowledge. In different case, beside science

e-book, any other book likes Beginning NFC: Near Field Communication with Arduino, Android, and PhoneGap to make your spare time considerably more colorful. Many types of book like this.
