Changing The Rules Niqui Stanhope

From African-American fiction staple Niqui Stanhope comes Changing the Rules, a romance where when it comes to love, there are no rules...

Marcel Templeton is determined never to fall for Mr. Wrong again. And no man is going to sweep her off her feet without meeting a few requirements first...Even if that means changing the rules of the dating game. Then the oh-so-fine Ian Michaels saunters into her life and threatens to ruin all her carefully laid plans...

Owner of a wildly successful multi media corporation, Ian Michaels has met a lot of ladies-- but none have gotten under his skin quite like Marcel. The minute she comes crashing into his life, she starts firing away the "rules" that any man she dates must follow. But Ian thinks he knows what Marcel really needs-- someone to rock her world. And he's just the man to do it!

It's obvious to Marcel that the man has "player" written all over him, but the feelings he evokes in her are oh-so-sweet and she can't quite remember why she's fighting so hard. And it's not long before she may have to admit that the passion that flares between them, may just be the reason they belong together...
