# Law and Public Choice: A Critical Introduction

*Daniel A. Farber, Philip P. Frickey*

**Law and Public Choice: A Critical Introduction** Daniel A. Farber, Philip P. Frickey  
In *Law and Public Choice*, Daniel Farber and Philip Frickey present a remarkably rich and accessible introduction to the driving principles of public choice. In this, the first systematic look at the implications of social choice for legal doctrine, Farber and Frickey carefully review both the empirical and theoretical literature about interest group influence and provide a nonmathematical introduction to formal models of legislative action. Ideal for course use, this volume offers a balanced and perceptive analysis and critique of an approach which, within limits, can illuminate the dynamics of government decision-making.

“*Law and Public Choice* is a most valuable contribution to the burgeoning literature. It should be of great interest to lawyers, political scientists, and all others interested in issues at the intersection of government and law.”—Cass R. Sunstein, University of Chicago Law

School
