Functional Anatomy Flash Cards: Bones, Joints and Muscles Christy J. Cael

Functional Anatomy Flash Cards: Bones, Joints and Muscles will help manual therapy students study and review the structures and movement of the skeletal system. This set of 320 full-color cards covers skeletal structures, bony landmarks, joints, and movements of the skeletal system. The cards feature full-color, dynamic artwork from Cael's acclaimed textbook *Functional Anatomy: Musculoskeletal Anatomy, Kinesiology, and Palpation for Manual Therapists*.

The set is divided into two unique areas, one covering skeletal features and illustrating movement, the other outlining functions of muscles. The comprehensive coverage of foundational content as well as specific structures and muscles provides critical information to help users understand human anatomy as manual therapists.

Unique "Putting it in Motion" cards allow users to see how bones and muscles work together to create movement. Multiple types of review activities aid in memorization and build critical thinking skills.
