The Boy of Chancellorville and Other Civil War Stories

The Boy of Chancellorville and Other Civil War Stories is an unforgettable collection of stories for and about children during the Civil War, with contributions from American luminaries such as Louisa May Alcott, Ambrose Bierce, Paul Laurence Dunbar, and Walt Whitman. The book reveals that the war affected the lives of children differently than their mothers and fathers: some looked at it as a grand adventure and for others it was a puzzling, premature end to childhood. James Marten includes accounts from nearly every viewpoint-boys and girls, Northerners and Southerners, blacks and whites-and various situations, ranging from life on the home front to confronting enemy soldiers to the aftermath of the war. Each story begins with a short introduction to place it in its literary context and explains the authors connection to the war.
