The Master of Time: Roads to Moscow: Book Three David Wingrove

The ultimate time travel thriller -- epic in every way.

What if two great nations used Time -- like a game of chess -- to attempt to defeat, even *annihilate* each other? Seeking out the weak points -- the *cusps* -- in each others' history and attempting to capitalise on those weaknesses. The struggle between Germany and Russia was the war of the last century and almost 50 million died in its execution. But what if that war was extended not over a mere fifty years but over three whole millennia?

Roads to Moscow is the ultimate time travel novel, spread over three books and rich in historical detail, brutal pasts and eye-popping futures. A tale of blood versus love, with enough twists and paradoxes to delight the most jaded pallet. Is destruction inevitable, or will the simple love of a German man for a Russian woman be enough to tip the scales of Time?
