## The future starts now ...

In the wake of the tragic events in *Centralis*, Captain Saul Harris stands with the weight of the world on his shoulders. With the truth of UNFASP revealed, he realizes that he must embrace his ancestry if he is to survive the coming onslaught. But how far will Harris go to protect the future? Will he sacrifice life as he knows it and become a Jumbo? Or can he face the future as a common man?

Meanwhile Sergeant Carrie Welles has been left devastated by what has happened. Uncertain of the future ahead, and with her nemesis, Sharley, on the brink of control, she struggles to pick herself up. But she is left surprised when help comes from the unlikely of places.

As her life veers off in a direction she never expected, Carrie soon understands that she is running a course with a destiny that lies far beyond her control. A destiny that is strangely aligned with her captain's.

A thrilling space opera in the tradition of *Leviathan Wakes* by James S.A. Corey and David Weber's *Honor Harrington* novels.
