## **Custom Maid War for New World Disorder: In Guns We Trust** Peter G. de Krassel

Following on from Custom Maid Spin, Peter de Krassel turns his unique international perspective and controversial pen onto the business of war.

In the course of reviewing the conflicts of the 20th century and today, he argues that to end, or at least minimize, the cycle of 21st century violence humanity is inflicting on itself, America must lead the peaceful charge for change. To do so Americans need to learn and understand the reasons for war and how future wars can be stopped. War is no the answer to hunger, oil, territorial expansion, ethnic cleansing or the survival of America. On the contrary it is its escalating destructive downfall.

He points to China's re-emergence as a global power as America's greatest challenge - and one that must be resolved peacefully. America must keep in mind the warning by the Greek historian Thucydides, more than 2,000 years ago, that belief in the inevitability of conflict can become one of its main causes. In other words, America cannot afford to become a victim of its own political spin

" Peter de Krassel's treatment on war reads like a journalistic account of Heart of Darkness. We are like Marlow, journeying down a political river, with each chapter forcing us to shed another layer of ignorance in order to acquire new insight. But this work also brings with it a sense of hope, for we the people are capable of molding our own destiny, as long as we have the wisdom and courage to change things." Brandon Royal, Author, The Little Red Writing Book

"An anecdotal and passionate polemic on modern history. An unabashed racy weltanschauung that would not sit well on a White House shelf." Stuart Wolfendale, Columnist, The Standard

Peter de Krassel was born in England of a Russian father and Palestinian Jewish mother. He has lived all over the world, including Switzerland, Israel and the United States. Currently he lives in Hong Kong. He has a unique perspective on world events both from the influences of the places he's lived in and the people he has met, as well as from his varied career in the law and the media.
