Homo Europaeus (Forum) (Italian Edition) Paolo Prodi

"Se non si vuole retrocedere a un'identificazione etnica o di tipo religioso-ideologico (ai fondamentalismi razziali o religiosi), il compito da affrontare è quello di ricostruire un'identità collettiva come articolazione complessa, come appartenenza multipla a livello cittadino, regionale, nazionale ed europeo: senza alcun baricentro unico, ma con diversi equilibri all'interno di un terreno comune riconosciuto come tale"

Laicità, distacco del potere spirituale dal potere temporale, separazione del diritto naturale-divino dal diritto positivo, civile e canonico, nascita del dualismo tra le sfere della coscienza e quella della giustizia umana: sono i tratti costitutivi che secondo la fine interpretazione di Prodi connotano la modernità occidentale europea. Una modernità oggi in profonda crisi, economica e politica, ma soprattutto antropologica. l'uomo europeo a più dimensioni, della coscienza e della legge, che deve misurarsi con la globalizzazione a una dimensione.
